sevilla

Seville became the doorway to the New World in 1492 and today is a World Heritage Site, and after Barcelona and Madrid, the most visited city in Spain. Students who really want to hear Spanish expressions used by locals have come to the right place.

Seville has almost year-round sunshine and is a walker or bikers paradise.

Temperatures are generally mild year-round with very hot summers.

It is the epicenter of our company and our largest School Idiomas Carlos V which has been in operation since september 2014.

-Francesca, 17
Italy-

“ We have been in different groups and we have been able to socialize with so many different people and discover new things.”

málaga

Málaga is the heart of the world famous "Sun Coast" where travelers come from all over to discover its city streets and sights and while away the hours on its stunning beaches.

A city with a vibrant social life, you will have every opportunity to practice your Spanish with the friendly locals and enjoy walks along the extensive coastline and through the flower-filled, cobbled streets.

Our School Idiomas Carlos V Málaga provides a wide array of Language courses and hosts regularly groups of students and teachers in cultural and professional programs.

-Carmine, 64
Italy-

“The Málaga team of Carlos V has been very welcoming. We have truly felt at home.”

madrid

Your trip to Spain will most likely take you first to its vibrant capital and its largest city. In Madrid, tradition, history, and modern life are around every corner. Madrid is a cosmopolitan city where you will find Spanish students from all over the world. The possibility to interact with people from different nationalities will enrich the experience.

It is a regular destination in our summer programs and tailor-made School trips.

-Theodore, 16

*“ I am really enjoying it here.
I am meeting friends from
everywhere and its so fun...”*

santander

A city that seems straight out of a storybook and whose life revolves around the bay, recognised as one of the prettiest in the world.

Santander (Cantabria), in the north of Spain, is a combination of green mountain landscapes with white sand beaches, elegant mansions and palatial architecture with avant-garde buildings and the unmistakable echo of its seafaring past. Many cities within a city, perfect for discovering.

This picturesque location is exclusively available in our Study Travel portfolio, following an agreement with Universidad Internacional del Atlántico for our Study Abroad Program.

-Caitlyn, 18
United States-

“ I really loved Spain and its architecture and culture, plenty of History.”

DEEP IMMERSION IN SPAIN

Do you want your students to take their courses in a quaint Spanish town or a medieval village. We can organize programs and courses in other cities in Spain besides Seville, Málaga, Madrid or Santander. We will take your group into the heart of Spain where along with their studies will experience an unforgettable linguistic and cultural immersion.

This type of experience will take your students away from the throngs of tourists and English speakers and give them the most authentic feel of what Spain must have been like centuries ago, and immerse them into a place where time seems to go slower and life is certainly experienced in a more relaxed way.

Our teachers will accompany them on this experience and of course visits and excursions to nearby capitals will be offered in this very unique program abroad.

SUMMER IMMERSION PROGRAM

We offer a Summer Immersion Program for young students in July and August in Seville, Madrid or Malaga, with Spanish classes and a fun filled agenda of activities and cultural visits. Unforgettable weeks in which students, from different backgrounds, will be able to enjoy, learn Spanish and make the most of their holidays.
