

SCHOOL TRIPS 2024

SEVILLE - MALAGA - MADRID

Carlos V
EDUCATION

SCHOOL TRIPS

We organize language and cultural immersion trips to Spain for groups of students accompanied by their teachers.

These exciting trips take place year round and include Spanish immersion, cultural visits, activities, and so much more.

TAILOR-MADE SCHOOL TRIPS

At Carlos V Education, we cherish each school's distinctiveness and acknowledge the individual needs of their students. Through meticulous customization aligned with unique attributes and schedules, we proudly craft exceptional school trips that profoundly impact students' lives.

Our approach is both simple and profound – we shape each itinerary with meticulous detail, catering to specific interests, goals, and timelines. No two journeys are alike; we specialize in educational experiences that cater to diverse learning preferences. Whether it's history, language, science, or art, our team designs each trip to mirror the school's ethos and student aspirations.

From iconic landmarks to immersive workshops, our trips are more than journeys – they're educational adventures. Every interaction, be it with artifacts, artisans, or speakers, ignites curiosity, creativity, and broader perspectives.

HOUSING AND ACCOMMODATION

We offer several housing options to our students. The accommodations we provide have been reviewed by our team of professionals to ensure that our students will be in a safe, comfortable environment with first rate facilities and amenities. Depending where you are you may choose from a collection of brand new student residences, hotels or homestays with full board included.

Moreover, we have made very close ties with our places of residence to ensure the utmost confidence, professionalism and trust. We believe these are the most suitable housing options for our students in our effort to make them feel at home.

IMMERSION AND CULTURAL ACTIVITIES

Any country is much more than just its most emblematic buildings, landmarks, and monuments, however impressive they may be. Participating in activities that make up the culture of a place is essential to the student experience. We include these opportunities in our programs.

How about learning some Flamenco dance steps, and the even more local "Sevillanos" with a native instructor, followed by an authentic show in an intimate local neighborhood theater? There is nothing quite like seeing all the ingredients that go into a dish you are going to enjoy, and help prepare it yourself, which is exactly what you will do as you cook up a "paella" with a local chef. And speaking of food, a trip to Spain is never complete without a "tapas night" as you will go bar to bar tasting some of the best food the country has to offer.

What about visiting an ancient castle, and actively participating in the life within it as you take part in a recreation with your expert local knight and his personal steward? And why not visit an olive farm where you can help plant local produce with the farmers. Sports? Soccer is king here so you might want to take in a local game during your stay, or perhaps take part in a match with Spanish students.

And they would be more than happy to learn about your favorite sports and take a few pointers. These are just some of the activities that can enhance your trip even more.

DESTINATION SPAIN

seville

Seville became the doorway to the New World in 1492 and today is a World Heritage Site, and after Barcelona and Madrid, the most visited city in Spain. Students who really want to hear Spanish expressions used by locals have come to the right place.

Seville has almost year-round sunshine and is a walker or bikers paradise.

Temperatures are generally mild year-round with very hot summers.

It is the epicenter of our company and our largest School Idiomas Carlos V which has been in operation since september 2014.

malaga

Malaga is the heart of the world famous “Sun Coast” where travelers come from all over to discover its city streets and sights and while away the hours on its stunning beaches.

A city with a vibrant social life, you will have every opportunity to practice your Spanish with the friendly locals and enjoy walks along the extensive coastline and through the flower-filled, cobbled streets.

Our School Idiomas Carlos V Málaga provides a wide array of Language courses and hosts regularly groups of students and teachers in cultural and professional programs.

madrid

Your trip to Spain will most likely take you first to its vibrant capital and its largest city. In Madrid, tradition, history, and modern life are around every corner. Madrid is a cosmopolitan city where you will find Spanish students from all over the world. The possibility to interact with people from different nationalities will enrich the experience.

It is a regular destination in our summer programs and tailor-made School trips.

-Francesca
Italy-

“We have been in different groups and we have been able to socialize with so many different people and discover new things.”

-Viktor
France-

“I really liked the Spanish class that we had... very pleasant and fun.”

-Rosa M. -
Spanish teacher (USA)-

“It's been amazing. I've had a wonderful time. I have traveled to many countries, and I've enjoyed this experience because I get to see it from the eyes of the kids.”

-Theodore
Austria-

“I am really enjoying it here. I am meeting friends from everywhere and its so fun...”

-Anjuli
USA-

“I had a lot of fun and the teachers know a lot about Sevilla, so it was really great.”

-Daniela
Spanish teacher (Italy)-

“It was my first time in Spain. My impressions can be summarized just in one word: “Lovely”. Spanish people are beautiful, all super friendly and accessible.”

“I was in this Spanish Immersion Program last summer in Sevilla. I had great and nice teachers. We all learnt lots of new things.”

- Beatrice, Italy -

“I have no clue of Spanish language, but I learnt a lot during the Spanish Immersion Program in Madrid. I want to learn more from now on.”

- Joanna, Germany -

“The classes in Seville were really interesting and pleasant, we also visited wonderful places, as Cádiz and Córdoba.”

- Ildikó, Hungary -

“I made a lot of friends in Málaga, knew great people there. We still keep in touch through social media. I miss Málaga, I had a nice time there.”

- Anna, Poland -
